Mediterranean Energy Security- Energy Transition- Geopolitics and Investment

Our Managing Director, John Bell had the pleasure to attend and participate in the London Energy Club (LEC) event at the Traveler's Club sponsored by BGN. My particular gratitude to LEC Chairman, Mehmet Oductu, who chaired the event, as well as the keynote speaker Lord David Howell, Chairman, Foreign Affairs Committee House of Lords & Former Minister of Energy

It was an excellent broad ranging discussion focusing on UK, EU and Mediterranean Geopolitics, Energy Security & Transition.
